

Haworth is committed to supporting the Canadian economy by creating and investing in opportunities for people and businesses nationwide. We have operated in Canada for over 50 years and remain one of the country's most prominent office furniture suppliers.

As part of our dedication to improving the communities where we live and work, Haworth supports many local charity organizations through donations and assistance. Our members use their paid volunteer hours to help Canadian food banks, homeless shelters, environment cleanups, and community organizations.

Through our 18 Canadian dealer partners, we service clients across all provinces and territories. We have two large showrooms (Toronto and Calgary) where we showcase solutions to help Canadians create inspiring workspaces.
